

BONESUPPORT HOLDING AB (publ) – Published Q1 2019 Interim report

Lund, Sweden, 08.00 am CET, 2 May 2019 – BONESUPPORT™, listed on Nasdaq Stockholm - an emerging leader in orthobiologics for the management of bone voids, today published the interim report for the first quarter 2019.

STRONG GROWTH FOR CERAMENT G AND CERAMENT V

“The strategic changes initiated in 2018 begin to show results. Our antibiotic-eluting products grew by 54 percent in the quarter and we see a significant improvement in business performance. We remain determined to execute our strategy for growth and market penetration.”

Emil Billbäck, CEO

JANUARY – MARCH 2019

- Net sales amounted to SEK 32.8 million (31.1), an increase of 6 percent compared with the same period previous year. Europe and the rest of the world (EUROW) reports continued strong growth of 41 percent compared with the corresponding period last year. Sales in the US have decreased by 28 percent compared with the same period previous year, but at the same time showed a sequential growth from SEK 4.2 million in the last quarter of 2018 to SEK 11.5 million in the current quarter.
- CERAMENT G and CERAMENT V grew by 54 percent compared to Q1 2018.
- Gross margin of 85.9 percent (82.1).
- Operating profit totaled SEK -39.0 million (-33.1).
- Earnings per share before and after dilution, was -0.75 (-0.67).

SIGNIFICANT EVENTS

- Annelie Aava Vikner joined the company as Executive Vice President Global Marketing & Communications on March 1.
- In March, BONIFY™, a demineralized bone matrix (DBM), was launched in the US. The launch is a result of the strategic partnership MTF Biologics.

EVENTS AFTER PERIOD END

In April it was announced that Vikram Johri is leaving BONESUPPORT and his role as GM & EVP Commercial Operations EUROW.

About BONESUPPORT™

BONESUPPORT (Nasdaq Stockholm: BONEX) develops and commercializes innovative injectable bio-ceramic bone graft substitutes that remodel to the patient's own bone and have the capability of eluting drugs. BONESUPPORT's bone graft substitutes are based on the patented technology platform CERAMENT. The company is conducting several clinical studies to further demonstrate the clinical and health economic benefits its products deliver and a Premarket approval filing with the FDA (USA) for its gentamicin eluting product is planned in 2020. The company is based in Lund, Sweden, and the net sales amounted to SEK 97 million in 2018. Please visit www.bonesupport.com for more information.

BONESUPPORT and CERAMENT are registered trademarks of BONESUPPORT AB.
