About BONESUPPORT™

BONESUPPORT (Nasdaq Stockholm: BONEX) develops and commercializes innovative injectable bio-ceramic bone graft substitutes that remodel to the patient's own bone and have the capability of eluting drugs. BONESUPPORT's bone graft substitutes are based on the patented technology platform [CERAMENT](#). The company is conducting several clinical studies to further demonstrate the clinical and health economic benefits that its products deliver. The company is based in Lund, Sweden, and the net sales amounted to SEK 155 million in 2019. Please visit <http://www.bonesupport.com> for more information.

BONESUPPORT and CERAMENT are [registered trademarks](#) of BONESUPPORT AB.
