

REIMBURSEMENT PROGRAMS

Outpatient Procedures - Transitional Pass-Through Payment (TPT)

TPT is intended to cover the incremental device cost of CERAMENT® G for Medicare patients when used in the hospital outpatient and ambulatory surgical center settings.

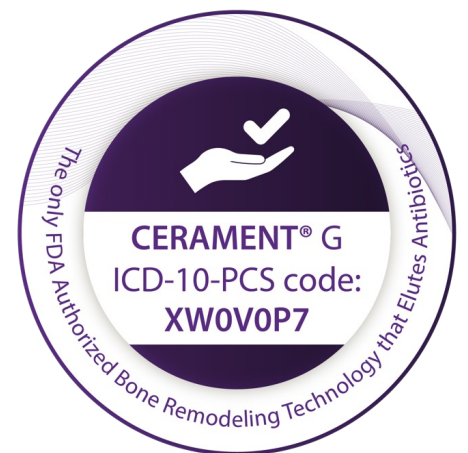

HCPCS Code	HCPCS Code Description
C1602	Orthopedic/device/drug matrix/absorbable bone void filler, antimicrobial-eluting (implantable)

Inpatient Procedures - New Technology Add-on Payment (NTAP)

NTAP is intended to provide inpatient admissions with additional payment for the use of CERAMENT® G for Medicare patients when the hospital costs exceed the payment threshold. 65% of the excess costs will be reimbursed (maximum payment is set at \$4,918).

ICD-10-PCS Code	HCPCS Code Description
XW0V0P7	Introduction of antibiotic eluting bone void filler into bones, Open approach, New Technology, Group 7

Please refer to the CERAMENT G Inpatient and Outpatient Coding & Billing Guides for more details on these programs and general coding information.
